We request approval for the replacement of an existing 2/2 lite double hung 25" x 61" window in kitchen on the first floor of the east side of the house. (Window closest to the ell) Window will be replaced with very closely matching custom vinyl replacement window. Dimensions of new window will be 24" x 60". Outside dimensional appearance of new window will appear the same as the original. Sash width and muntin size matches the original 9/9 windows on house. Exterior trim will remain intact. Wood 9/9 lite snap in grills are installed on the interior side of the thermal pane glass. Sash and muntin color is white.

Note: Original glass in window was 2/2 lites. All our windows are periodically being replaced to match original windows as can be seen on the west and north 2<sup>nd</sup> story of the house. (9/9 for small windows, 12/12 for larger windows). These characteristics are consistent with the 1768 period of the house as is our intent to restore as noted in previous applications.
